WHEREAS, there is established in the City of Daly City a variety of nursery schools which provide for children and prents in many ways.

NOW, THEREFORE, as Mayor of the City of Daly City, I, JOSEPH J. VERDUCCI, do hereby proclaim the week of February 3rd through 10th, 1957, as NURSERY SCHOOL WEEK. Letters To The Editor

Councilman Cites Sales Tax 'Benefits'

Dear Editor:

Real property is one of the oldest bases of taxation. Before industry became the source of one of the greatest tax revenues, a man's wealth was measured by the amount of land he owned. As a result, taxing powers chose land as the best source of revenue because it was the best measure of his ability to pay taxes. In 1951, fourteen counties were ordered by the State Board of Equalization to raise their property tax assessments in order to equalize the assessments with other counties. As a result of this increase of assessed value those counties were able to reduce their tax rates. Those districts which were already levying a maximum limit for taxes took advantage of this increase in assessed value to raise more money rather than reduce their tax rates. This equalization of assessed value in the counties did not, however, affect the Public Utilities since their property values were established by the State Board of Equalization.

Another device which has been practiced in many counties to shift the burden of taxation from the unincorporated area to the incorporated area is the lowering of assessed value on unimproved property and the increase in assessed value on improvements. Since most improvements lie within the incorporated areas, this has a tendency to shift the burden of the support of county government from the rural to the city areas. For instance, a property owner who owned a home in one of those counties where equalization required the increase in assessed value frequently found his taxes increasing from 50% to 100%. The effect, however, was not so great on the unimproved property outside the cities since this land was assessed lower than the improvements.

Another factor which is constantly reducing the effectiveness of the residential tax is the subject of exemption. Since the Federal government and the State government are exempt from taxation and the property of other political subdivisions including improvement districts, school district, and even parochial schools, churches, veterans, and countless other small owners of property, the value upon which the city's taxes are spread, is constantly being reduced. These exemptions have increased four times in the past twenty years.

"Tax Tourists"

Some of the principal advantages of the Sales Tax over the residential tax lie in its ability to tax tourists and transients who otherwise would not pay for the services that they secure from State and local government. Another advantage of the sales tax over the residential tax is that it

Praise Paper For Xmas Mail 'Help'

Dear Editor:

On behalf of the Post Office Department, I am pleased to write this letter of commendation to you and your staff for your public spirited cooperation which contributed so much to the success of the 1956 Christmas mailing season.

The recent holiday mail moved smoothly and it was delivered promptly. In the Postal Service are proud of the part you played in making sure that the Christmas mail was delivered on time, but we realize that the success of this gigantic mail operation was due in a large measure to public cooperation in mailing.

Postmaster Vincent P. Murphy has reported to this office that you and your newspaper gave exceptional cooperation in helping to encourage the public to mail early on Christmas. Without such help we could never have succeeded as we did. Thank you very much.

Sincerely,
Vern Scoggins
Regional Director
Post Office Department

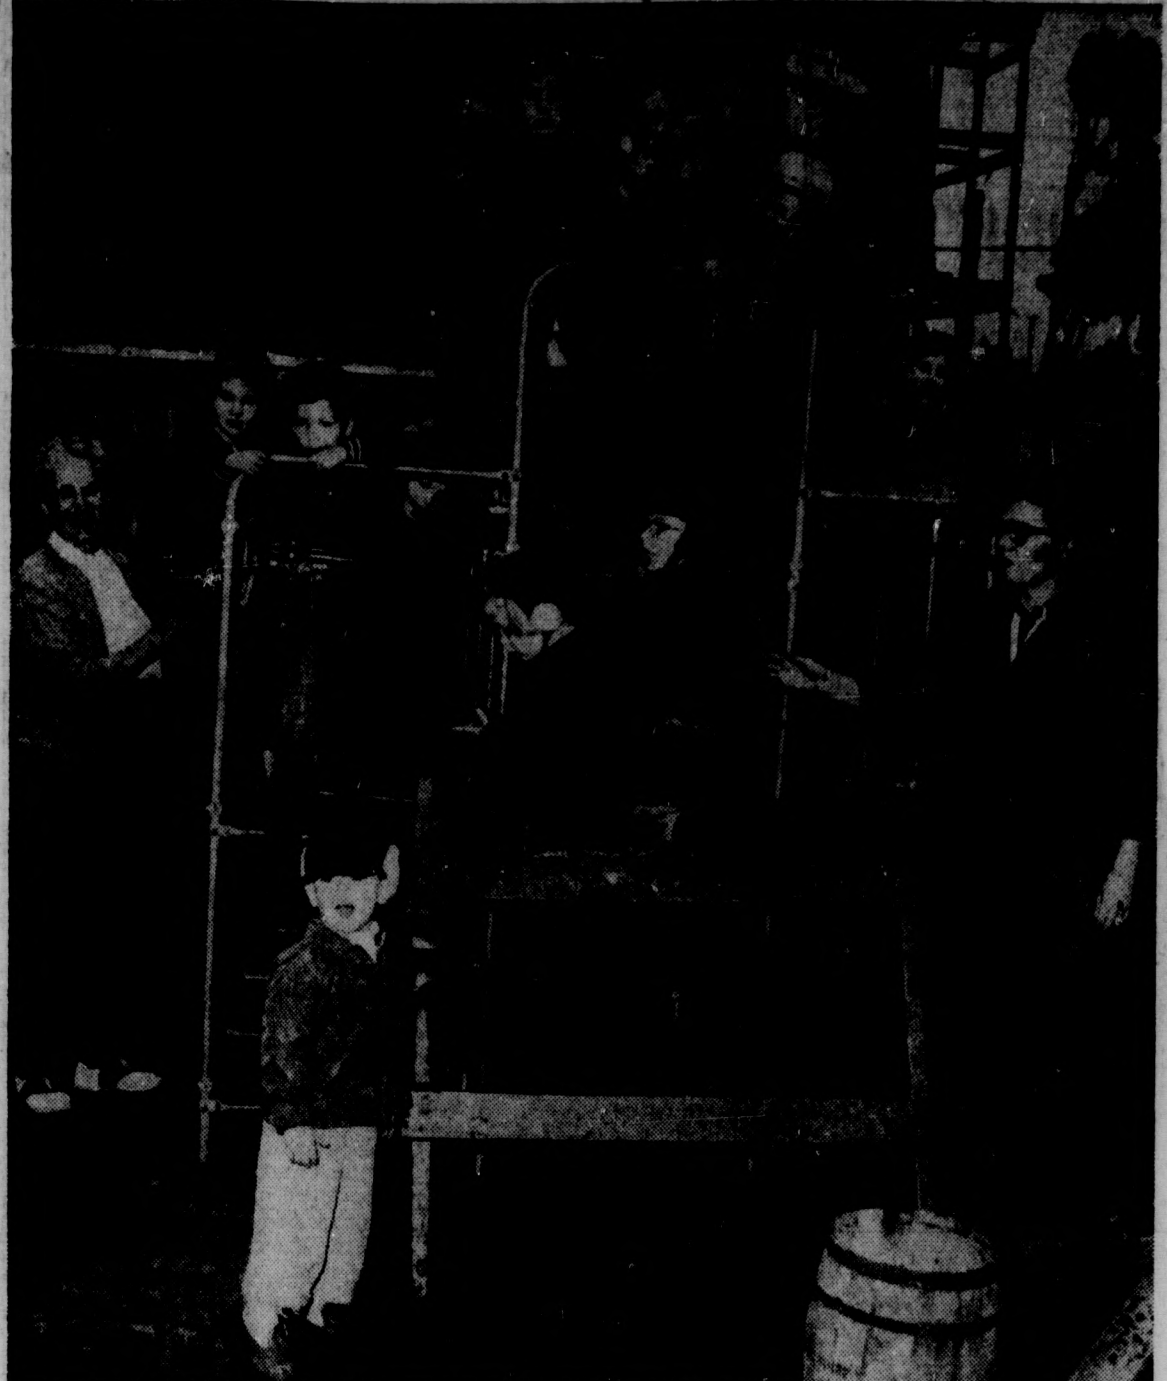

reaches people regardless of whether they own property or not, and since food and agricultural supplies are exempt from the tax, the tax is paid largely in accordance with the ability of the individual to pay a tax for the support of his government.

It is commonly known that the State of California may levy a tax against real estate; however, the State has not chosen to enter this taxing field because the taxes already levied by local governments and school districts are so heavy that additional taxes could well result in a property tax strike. The desirability of levying a sales tax is further enhanced by the higher levels of government adopting such taxes as the income tax, excise tax, gift tax, gasoline taxes, and sales tax. These taxes all require payment as income is earned or commodities purchased. It results in a tax which is levied on the basis of the level of government which is benefited by the tax.

What such taxes are levied by the higher level of government and returned to the city and counties, those portions returned to the lower level of government are known as subventions. These subventions now represent a very large proportion of the income of cities, counties, and school districts.

God government is a major contributor to prosperity and tax equitably leveled and properly expanded for the benefit of the majority, is a basic purpose of local government.

Del C. Wilson, Councilman

BRISBANERS REPLY TO NEWS STORY

Two irred Brisbaneers said today that statements released in a story last week by a representative of the Brisbane Property Owners' association were "wholly false."

The story, referring to items on the agenda for Tuesday's property owners meeting, said the "reported unauthorized sale by the Brisbane fire district of an ambulance which was purchased with funds donated by residents of the area" would be discussed. The representative, one of the officers of the association, had said the news release was to be attributed to Howard Fifield, president.

"The information received is absolutely incorrect," Fifield said today. "I knew nothing about it and don't want these lies being attributed to me."

J. Fichera, chairman of the Brisbane Fire district, declared the information in the story was "not true. All our records are available and we meet every month for any busy-bodies who want to get this information. We'll divulge the true information if somebody asks for it. Our next meeting is February 6 at the fire-house."

Fifield declared all information released is to be attributed to me unless I say it.

Other items in the story which were listed as being scheduled for discussion at Tuesday's meeting included the recent water rate increase levied by the Brisbane Water district, which the association claimed was made without a public hearing.

Fifield declared all information released for the story to be "absolutely incorrect."

Fifield said Tuesday's meeting went smoothly and that the fire chief was on hand to discuss the district's training program.

A thief invaded Ric's Place at 34 San Pedro road early Sunday morning and escaped with \$112 after prying open a cash drawer behind the counter.

Tire Slashers Strike Three Vehicles Here

A new wave of tire slashing confronted Daly City police Sunday as three drivers reported their cars struck by vandals.

Each incident occurred on Acton street and the same culprits probably were involved.

The vandals ruined two tires on the car of John R. Fallis, Menlo Park draftsman, who was visiting friends at 101 Acton. While officers were checking the incident, another driver parked behind Fallis' car, Ralph Capps of Walnut Creek, discovered his right front tire slashed.

A few minutes later, Donald S. Mitchell, 123 Acton, reported that one of his tires had been slashed.

The victims estimated their combined losses at \$100.

SLATE OPEN HOUSE

3 Local Nursery Schools To Observe National Week

Open house will prevail at three local nursery schools as they observe National Nursery School Week, February 3 to 10.

Directors of Broadmoor, Toyland and Village Play schools urge all parents to drop in to see how their programs function.

Oldest and largest of the local nurseries is Toyland, 474 San Diego avenue. It has an enrollment of 54 pre-school children. Mrs. Grace Wilson is director. The staff includes five teachers, a cook, housekeeper and driver. A new unit is being planned exclusively for the two-year-old age group.

Broadmoor Nursery School, housed at Broadmoor Presbyterian Church on 87th street, started in 1949. Its current enrollment is 30 children. A non-sectarian school run by its founder, Mrs. Jessie H. Glasse.

Village Play School, operating at Colma Community Center, is in its sixth year. Twenty-five youngsters participate at present, supervised by Mrs. Catherine Seghetti, director, and her assistant, Mrs. Adelane Jasovic. An added feature of the school is its adult class in child development on Tuesdays.

All three schools are licensed by the state and present a well-balanced program. The training gives the children practical adaptation to others, both in the classroom and on the playfield.

Cops Charge Busman With Drunk Driving

A 41-year-old San Francisco bus driver was charged with drunk driving here Thursday night after he crashed his car into a power pole on Mission street at Wellington avenue.

Officers said the car driven by Leo J. Fournier, 2668 San Jose avenue, plowed over the traffic island and rammed the pole, knocking it 60 feet.

The bus driver flunked a sobriety test at Junipero Serra hospital. Released on \$500 bail, he will answer in municipal court next Tuesday.

Monday Is Deadline For '57 Car Licenses

Local motorists are reminded that next Monday is the deadline for paying 1957 registration fees without penalties. Daly City's Motor Vehicle Office is located at 6165 Mission street.

All fees become delinquent after February 4. Failure to renew before the deadline can result in penalties of 100 per cent.

Absolute deadline Monday is close of the regular business day. Persons who make payment by mail are urged to have their letters postmarked no later than midnight on February 4.

Motorists who for any reason did not receive a prepared statement of fees are required to renew their registration by submitting the 1956 stub or white slip. Such renewals must be made in person.

ASKS DIRECTIONS, THEN TAKES AGED DC MAN'S WALLET

An elderly Daly City man was robbed of \$9 Tuesday morning by a bandit who approached him on the pretense of asking directions.

Harold H. Henderson, 74, of 57 Partridge lane, was walking on Hanover street near his home when the stickup occurred.

Henderson told police the robber, accompanied by a woman, drove over to the curb and asked him, "Do you know where Frank Bazzoro lives?" Henderson replied that he didn't, and when he turned to leave, the bandit forced a gun in his back and warned, "Don't move or you'll get shot."

After taking Henderson's wallet, the gunman sped away.

The elderly man described his assailant as being about 30, dark-complexioned, 5-11 and 150 pounds. His companion, who shielded her face with her hands, was believed about 35.

Accountant Must Clear Trouble With Finance Co.

Accountant William Little, 36, of 50 Garwood drive, will appear before municipal judge Thomas L. Bocci next Tuesday along with his attorney to show how he can make amends to a Wyoming finance company that has charged him with taking an automobile out of the state without their permission.

The auto, on which Little had been making payments, was stolen from him in California some time ago and had been damaged. It was held at Westlake Auto Service but Little preferred not to pay the bill for repairs, so turned the auto over to the repair company, police said.

Judge Bocci advised Little yesterday to appear in court next Tuesday and indicated that if the accountant would pay the balance of the loan the charges would be dismissed.

Built by the owners, they are powered by two-cylinder engines and are reputed to be one of the outstanding thrills of the fair circuits. Owners are all amateurs and drive their own cars in programs similar to the regular racing events. The Micro Midgits are appearing at Westlake to drum up enthusiasm in their club. Cars will be available for public inspection and owners and pit crews will be happy to answer inquiries on their cars, it was announced.

Ample free parking has been provided for spectators to the Auto Show and Sports Car Jamboree, and there is no charge for any part of the events.

Glimpsed at the YMCA open house in Stonestown awhile back were the Ed Lees, Larry Freibergs, Art Bullens, Earl Heralds, Ed Raymonds and the Don Williams. Walt and Dale Erickson were there too, as was Dick Chagnon and Bill Beck and tribe. Bruce Herald, Earl and Donny Williams, and Chuck and Mike Bullen were all in fine shape in the tumbling demonstration, too. To those we missed—sorry we didn't see you!

Those busy Delfinos on Washington are at it again. This time it was guests from Chicago, Mr. and Mrs. Alex Santiago, with whom Nita stayed before she met and married him. They stopped by for a week and a half of happy visiting, complete with all sorts of parties, songs-out, etc., and then sailed on the President Cleveland for a world tour. They plan to come back this way to live, however, once they're back in the US again.

To Ruth and Carl Ledbetter on Windsor drive: we're so glad you sent your announcement. The only thing was that, due to certain exigencies of life (1), we didn't receive it till the day before this was written. Anyway, we're glad new little Miss Christa Sharyn arrived in the for Christmas, an 8 lb. 4 oz. sbb little Ledbetter to keep the household really busy!

Parties Parties Betty Chivenev of Maddux had a Tupper party last week, the first we've reported in a long while. Dealer Zia Torres showed much-appreciate Tupperware to Betty and guest Peggy Garcia, Darlene Clark,leanor Vaughn, and Georgette Harris.

Maurine Guyman had her bridge group at her Focill home again, with an added enjoyment of a long distance phone call to Helen and Grant Holmes, ex-Foothillers who are now in Salt Lake City.

People anxious to share the message units with Maurine and Del were Helen and Dick De Berry, Ed and Lorraine, the Frank Stoltzes and the Dees Walkers. Except for the Lees everyone else came over from Minn. Found that the Gilman's Paul Elliott is real gonon a guitar, in addition to being a deep-voiced mainstay of the Presbyterian choir! The choir had a "party" rehearsal at Alma Wittig's Stonestown home the other evening, and enjoyed music from the guitar and from the organ-piping of choir director Delmar Serry (also of Men of Note fame). There was a lot of singing, fun, as well as down-to-business rehearsing, topped off with Anna's delicious refreshments.

Stork Clubblemo Five little girls welcomed a new baby brother on Maia, and have started to spoil him already. The five girls are Celia Mary Ann, Nina Marie, Martha Eileen and Loretta Andrea, and the new boy is 8 lb. 8 oz. William George. Of course, parents Amanda and George are doing some spoiling on their own account!

Last week we mentioned the advent of Valentine's for the Bill Stockingers, and the twins are here now! Such excitement among friends and neighbors down on Ellis you never saw and young Bryce S. is six inches bigger around the chest from motherly pride. The new ones are identical twin girls, who weigh in at 5 lbs. 4 oz. and 5 lbs. 8 oz. Their names are Nancy Patricia and Ann Elizabeth, but we don't know yet who weighed what! Last account, Pat and her sis were doing fine.

In honor of a small one soon to arrive in the Watts household, Kathryn Hurst (Gilman) hosted a shower for Vern Watts (Sweetwood) the other evening. Gifts for the small one were brought by Addie Mattis, Lou Sinclair, Evelyn Tyler, Mar Sotile, Lily MacEaney, Betty Cleddill, June Falogga and Ruth Nelson. Also very much present was the Hurst daschund, Scarle. The Hursts have friends who have a daschund—named Rhetta.

Westmoor Hi Freshman Dance 'Big Success'

"Future Frolics," first annual dance for Westmoor High's freshman class, was termed a "big success" Friday night in the Jefferson cafeteria.

St. Gabriel's Title Choice Over Rec 5

St. Gabriel's unblemished Gaels will be slight favorites this Saturday when they clash with the dangerous Rec Department cagers for the City Elementary League Class A title at Daly City Community Center.

Both squads posted first round playoff wins last week, the Gaels burying St. James, 41-21, while the Rec kids barely got by OLPH, 20-14.

St. Gabriel's, riding an eight-game win streak, hold a five-point win over the Rec entry and figure to be the stronger unit Saturday. The Rec kids, however, broke the league scoring mark on three occasions, and if they get hot Saturday, they could cop the crown. Rec has a 7-1 record this season.

The Gaels got off to a slow start against St. James and led by 19-15 at halftime. It was a different story in the remaining two quarters as the league leaders pulled far ahead.

Bill Scott led the win with 14 points. Teammates Jim Klauber and Joe Cronin each collected 10. Moses Ticas was outstanding for St. James.

Improved OLPH had an upset going against the Rec quint. Using ball-control tactics, the OLPHers held a 9-6 intermission edge. But in the third quarter the Rec lads switched from a tight zone to a man-to-man press and knotted it up at 14-all as the final period opened.

Barry Krohn and Hilton Guillory then bagged field goals, and Sonny Stroller's two free throws ended the scoring.

Tom McEntee paced OLPH with 10 points. Krohn's 8 was high for Rec.
